Teacher of the Year!

In the spring of 2015, T'Wanta graduated summa cum laude from Huston-Tillotson University with a bachelor's degree in English. Keeping her promise to give back to children in the community, much like herself, she obtained a job at Gus Garcia Young Men's Leadership Academy teaching English Language Arts that fall. Her primary objective was to use academic study and life experiences to provide effective instruction for all students. She understood first hand that quality education amongst minority youth was a critical issue faced in today's society. Building a love for learning and increasing the retention rate had become her top priority. Now in her new academic arena, she set her mind on evolving and diversifying quality education no matter the individual's social economic status.
